

**FIRST APPENDIX TO THE
RECORDS OF INDUSTRIAL MISSION**

SUPPLEMENT 2008

BOXES 34, 35, 36 AND 37

Papers deposited by the Revd Dr Crispin M White, 2008

Four boxes are deposited containing some material relating to three different collections.

There is a small collection of material belonging to South Hampshire Industrial Mission.

There is a significant collection of material which was accumulated between 1992 and 2006 in the establishment of the Ecumenical Council for Corporate Responsibility (ECCR). ECCR grew out of a partnership established between Industrial Mission, the Missionary Societies, the Christian aid agencies, those engaged in stewardship development, and the Ecumenical structure – Churches Together in Britain and Ireland (CTBI). (**Boxes 34 and 35**) This material is contained within file boxes within the boxes, which are numbered 34(a) to 34(h).

Boxes 36 and 37 contain the collected papers of the Revd Thornton Elwyn who died in 2007 and who had been for a long period in the 1970s and 1980s a chaplain with South London Industrial Mission (SLIM) who visited at the Headquarters of the Central Electricity Generating Board. These papers are an archive of that experience and industry.
